

## Calling all fan photographers!

We're looking for football fans from across Lancashire to take part in a photography project for a new exhibition coming to Preston in autumn 2025.

# How do you get to the match – and what else makes up your matchday?

We're looking for football fans from across Lancashire to take part in a photography project for a new exhibition, *Journeys to the Match*, coming to Preston in autumn 2025.

- No experience needed, just your phone and enthusiasm.
- Free workshop at the NFM's Research centre and archive in Preston (early August).
- Your photos could be featured in a public exhibition!

We want to see the full matchday journey – the travel, the rituals, the routine. Whether you take the train, meet friends at the same pub, or stop for chips on the way, we're interested in what makes your matchday unique.

**Apply online by 11 August 2025:**
